

Clinical trials

Cambridge Clinical Trials Unit

Specific information on setting up clinical trials and clinical studies and support by the Cambridge Clinical Trials Unit (CCTU).

Cambridge Clinical Research Centre (CCRC)

Funded by the National Institute for Health Research (NIHR), the CCRC provides world-class facilities, supporting translational research for adult and paediatric patients and healthy volunteers in early phase trials, experimental medicine, inpatient, outpatient day-cases and interventional investigations.

EU CTIMPs

General information on sponsorship and setting up clinical trials falling under the EU directive of clinical trials as an investigator.
