3

Visiting times:

11:00 to 20:00

Up to two visitors only are allowed at each bedside at any time. Children may visit at the discretion of the nurse in charge and must be strictly supervised by a parent or guardian.

No flowers allowed.

Please be aware that visitors may be asked to leave at any time to enable important care to be delivered.

Visiting times leaflet

A4 is a 26 bedded neuromedical and neurosurgical ward. It cares for patients who have conditions such as Myasthenia Gravis, Guillain-Barre Syndrome, Multiple Sclerosis and patients who have undergone neurosurgery.

Finding us:

Ward A4 is on Level four of the A block at Addenbrooke's, which is between the main Outpatients Centre and the main reception (entrances are on level 2).

From the main hospital entrance: in the reception area turn right onto the main concourse. Turn left and go towards the main ward lifts. Before the lifts, turn left onto the long corridor and head towards Outpatients. Follow the corridor around a dog leg. The corridor then straightens out and after a short distance you will find lifts on the right hand side. (before the entrance to A2) Take the lift to the fourth floor.

For security, there is an intercom at the ward door.

If you are likely to be hospitalised for two weeks or more, your visitors can get a discounted parking ticket from the main reception. This allows you to exit from the car parks for 14 consecutive days from the day you validate the ticket.
