

# Finding occupational therapy

## From the main hospital entrance:

Turn right into the main concourse. Follow signs towards the Addenbrooke's Treatment Centre and the Rosie Maternity Hospital. Walk straight along the corridor until you reach the Treatment Centre. Occupational Therapy is located on your right hand side by the revolving door.

From car park 2: Follow signs to the treatment centre (to your left as you exit the car park). Enter the Treatment Centre through the main entrance. Occupational Therapy is located on your left hand side, immediately through the entrance.

You may be asked to attend an outpatient appointment or a group in our other department based in ward F2. Your therapist will inform you if this is the case. F2 is also situated on level 2 in the main part of the hospital.

## From the main entrance:

Turn right into the main concourse and follow signs to the main hospital. Cross over the main corridor and go past the lifts on your left following signs for the F&G wards. At the end of the corridor turn left and occupational therapy (F2) will be on your right.
