### Consultant medical staff

**Dr P B Deegan** MD, MRCPI, FRCPath

Service Director & Consultant Physician

Lysosomal Disorders Unit,

Box 135

Cambridge University Hospitals,

Hills Road,  
Cambridge.

CB2 0QQ

Dr Deegan is a consultant physician in General Medicine and Metabolic Diseases. He graduated in Dublin, Ireland in 1988. His clinical postgraduate training began in diabetes and endocrinology, where he completed his MD research thesis on lipoprotein metabolism in diabetes. Dr Deegan gained consultant level accreditation in clinical biochemistry and developed an interest in inherited metabolic diseases. He joined the Lysosomal disorders

team at Addenbrooke's in 2001 and became its clinical director in 2006. He is a member of the European advisory board of the ICGG Gaucher registry. His current research interests include biomarkers of Lysosomal storage disease and cellular targeting of enzyme replacement therapies

**Tel:** 01223 274634

**Fax:** 01223 256172

**Professor T M Cox** MD FRCP FMedSci

Research Director & Professor of Medicine

University Department of Medicine,

Box 157

Cambridge University Hospitals,

Hills Road,  
Cambridge.

CB2 0QQ

Professor Cox is Professor of Medicine at the University of Cambridge with clinical responsibility for internal medicine and metabolic diseases at Addenbrooke's Hospital. He qualified in medicine in 1971 and has conducted scientific investigations principally on inborn errors of metabolism. Some of his recent research has focused on Lysosomal Storage disorders - their molecular pathogenesis and treatment. Professor Cox was the founder of the National Gaucher service at Addenbrooke's, later to become the Lysosomal disorders service. He continues to share clinical responsibilities with Dr Deegan and heads the department's clinical and academic research. Professor Cox serves on the board of several journals and is an editor of the Oxford textbook of Medicine.

Principal Research Interests

**Dr Paul Flynn**

Consultant Physician

**Tel:** 01223 274634

**Email:** paul.flynn@addenbrookes.nhs.uk

**Dr Chong Yew Tan**

Consultant Physician

Tel: 01223 274634

## Dr Nick Smith

Honorary Clinical Fellow

Dr Nick Smith is a Paediatric Neurologist from Sydney Children's Hospital, Australia, working with Professor Cox's Lysosomal Diseases Research Group. He has a specific interest in the neuropathology of Lysosomal Storage Disorders and the development of specific neurological therapies.

## Dr Mari – Liis Uudelepp

Clinical fellow

Tel: 01223 274634

**We all work closely with our colleagues in orthopaedics, cardiology, nephrology, neurology and radiology who have experience in the management of patients with lysosomal disorders. Further details can be provided upon request.**

## Nursing staff

Lead Specialist Nurse

Mrs Liz Morris

**Tel:** 01223 274634

**Bleep:** 152 421

**Email:** [liz.morris@addenbrookes.nhs.uk](mailto:liz.morris@addenbrookes.nhs.uk)

Mrs Lisa Morris- Bacon

Specialist Nurse

**Tel:** 01223 274634

**Email:** lisa.morris-bacon@addenbrookes.nhs.uk

Mrs Deborah Hugh

Specialist Nurse

**Tel:** 01223 274634

**Email:** debbie.hugh@addenbrookes.nhs.uk

## Multidisciplinary team

Specialist Dietician

Sarah Donald

**Tel:** 01223 216655

**Email:** sarah.donald@addenbrookes.nhs.uk

Karen Merrison

Senior Occupational Therapist

**Tel:** 01223 596205

**Email:** karen.merrison@addenbrookes.nhs.uk

Philip Clarke

Physiotherapist

**Tel:** 01223 216633

**Email:** phillip.clarke@addenbrookes.nhs.uk

Jo Kendall

Speech therapist

**Tel:** 01223 216200

**Email:** joanne.kendall@addenbrookes.nhs.uk

## Laboratory staff

**Information/advice on sample requirements can be obtained from:**

Sarah Hogg

**Tel:** 01223 596172
