
Divisional directorates

All the clinical departments at CUH are clustered together into five divisions:

Division A: MSK; Digestive Diseases and ICU/Periops

Division B: Cancer; Labs; Imaging and Clinical support

Division C: Acute Medicine; Inflammation/Infection; Transplant

Division D: Neuroscience; ENT/ Head and neck/ Plastics; Cardiovascular-Metabolic

Division E: Medical Paediatrics; Paediatric Critical Care and Surgery Paediatrics; Obstetrics and Gynaecology

Each division is headed by a divisional director:

Division A: James Wheeler

Division B: Hugo Ford

Division C: Stephan Wallis

Division D: Mark Manford

Division E: Robert Heuschkel

Each divisional director is supported by a deputy divisional director responsible for research governance and research strategy, with a senior team comprising an Associate Director of Operations, Clinical Directors, Divisional Nurse who are supported by a divisional finance manager and OD manager.

Support services

The delivery of patient care is provided by an infrastructure of functions: Workforce Directorate (including Human Resources), Finance, Patient services, Estates and Facilities, Communications, IT, Information, Strategy and Planning, Corporate affairs, Public Engagement, and Quality and Clinical Risk.
