

# Changes to parking charges from 01 April 2019

The new outpatients daily rate will be £4.00 to

park all day.

A week-long patient ticket, for those coming for repeat treatments such as chemotherapy, will also be available at a cost of £4 per week. These are concessionary rates for patients only.

Visitors can choose whether to buy tickets by the hour, day or week, with a weekly ticket costing £20.40 (£2.91 per day).

If you claim certain benefits you are not required to pay anything at all, please speak to staff at the main outpatients reception desk for further information.

Parking prices are reviewed on an annual basis as part of our contractual arrangement with the parking providers.
