

Edge at Cambridge University Hospitals

If you work on studies adopted to the NIHR Portfolio, it is a mandatory requirement to upload patient recruitment data to Edge.

IMPORTANT:

- LPMS / Edge data now feeds and flows directly to the Central Portfolio Management System (CPMS)
- Edge covers Portfolio study recruitment only

On this page:

- Edge training
- Edge seminar updates
- Edge learning resources: Please note that in this section and in the downloads we use bitly links (which shorten URL links) and these are **case sensitive**.

Edge training

You need to receive Edge training if:

- You work on NIHR Portfolio studies
- You are or will be responsible for uploading recruitment for CUH into Edge

The following dates for 2020 are available:

15 January 09:30-11:00

25 March 09:30-11:00

13 May 09:30-11:00

If you need further information, please email CUHedge@addenbrookes.nhs.uk.

Edge seminar updates

Please note these seminars are temporarily suspended. If you would like to be informed of dates once confirmed please email CUHedge@addenbrookes.nhs.uk.

These informal seminars are run by the Research & Development department and last no more than an hour, and cover:

- Short introduction to the changes
- Video Presentation
- Key FACTS: What you need to know
- Q&A Session
- Details of how to book further Edge Training

All research staff must attend one of these drop-in sessions, if they haven't already done so. Sessions will run on the hours and dates below and apply to all research staff. This page is regularly updated as new drop-in sessions are scheduled.

If you have any questions or would like to find out more please email CUHedge@addenbrookes.nhs.uk.

Edge learning resources

What is research activity data? (5:58 mins)

Watch the short video below to find out about changes to the way the CRN captures research activity data through LPMS/CPMS (4:08 mins)
