

# MyChart patient portal

## What is MyChart?

MyChart is the electronic patient portal at Addenbrooke's and The Rosie hospitals which allows patients to securely access parts of their health record held within the hospitals' Epic electronic patient record system.

## Why use MyChart?

- Your hospital information will be available to you electronically in MyChart:
- upcoming appointments / past appointment details
- current problems / conditions
- clinical correspondence
- vital signs (weight, height, blood pressure, temperature, pulse, respiration)
- test results
- medications
- known allergies
- demographic information (name, date of birth, address, GP details).

MyChart is designed to improve communication between you and your clinical teams, and enable you to be more involved and informed about your care by having access to your information.

## Interested?

Please speak with a clinic receptionist or your clinical team for details on how to sign-up to MyChart.

Once you have signed-up you will be able to access your hospital information via MyChart from your smartphone or tablet device (Apple or Android) or from a computer or laptop.

MyChart is compatible with screen readers.
