

Shoulder study day – soft tissue problems and their management

We are excited to offer this day course being run between the orthopaedic department and physiotherapy, here at Addenbrooke's Hospital.

Speakers include:

- Graham Tytherleigh-Strong (Orthopaedic Consultant)
- Lee Van Rensburg (Orthopaedic Consultant)
- Niel Kang (Orthopaedic Consultant)
- Melanie Hopper (Consultant Radiologist)
- Natasha Woodbine (Physiotherapist)
- June Savage (Physiotherapist)

The morning will consist of lectures, followed by an afternoon of smaller and more interactive workshops. The day will be aimed around soft tissue problems of the shoulder and management of these.
