

Support

The good news is that you are not alone. With expert support and guidance, whatever your concerns, we are here to help with any worries you might have.

In this section we have put together a set of resources which we hope will help with some of the practicalities of coping with life with cancer, as well as your treatment at CUH.

If you can't find what you are looking for then please speak to a member of staff about what other support is available, or come and have a chat with the CUH Cancer Support team, located in the Macmillan pod by Oncology reception.

The NHS is starting to approve a series of apps to support patients with a wide range of issues and can be found at <https://www.nhs.uk/apps-library/>
