

Sub-fertility - clinic 21

Telephone:

01223 217664

Box number:

224

Visiting times:

This clinic runs every Tuesday and Thursday.

We treat couples who are struggling to conceive. You may be referred to us if there is an obvious cause such as pelvic inflammatory disease or low sperm count.

Otherwise, your GP may refer you to us if you have been trying to become pregnant:

- for more than two years if aged under 35 years
- for more than one year if aged over 35 years

Patients requiring assisted reproduction may receive treatment at our new facility, Cambridge IVF, in nearby Trumpington.

Finding us:

Clinic 21 is on the ground floor of the Rosie hospital, opposite the ultrasound department. From the main Rosie entrance, head straight through the Rosie reception area, past the Pavilion cafe and follow the signs to clinic 21, which is on the right.

Car park 2 is the designated car park for the Rosie Hospital sited within a couple of minutes walk to the Rosie main entrance.
