

# Charity

## **Addenbrooke's Charitable Trust (ACT)**

The Trust is very lucky to have the support of its own charity – ACT – which helps make a difference for patients by raising extra funds to enhance services, facilities and research at Addenbrooke's and the Rosie.

## **Addenbrooke's Abroad**

Addenbrooke's Abroad works to build partnerships (Links) with hospitals and health organisations in resource-poor countries and to promote mutual learning between Cambridge University Hospitals (CUH) and our overseas partners.
