

Maps and directions

Getting to the hospital

The hospital is well sign posted from most parts of Cambridge. If you are driving from outside Cambridge, there is easy access to the campus via Addenbrooke's Road, signed from Junction 11 on the M11.

Use of this road is restricted to those with legitimate business on campus.

If you are cycling to the hospital, route maps and planning tools are available under [By foot or cycle](#)

Finding your way around

The hospital and campus are very large and complex. The maps below will help you find your way around:

- the site as a whole
- the main outpatients clinics on the ground level

Finding your way around the hospital can be difficult. There are large maps displayed in the hospital corridors to help you if you are not sure where to go.

Please note that due to the construction works on site there have been changes to the bus stops, compared to those shown on the Site Map. Further changes are planned. For information on bus stops: [Public transport](#)
