Clinic 6 looks after children from 0-18 years of age.

The children coming to the clinic come to see a doctor or nurse as a follow up appointment. It may be to check that medication they are taking is working or to see that they are not too unwell with their condition. The children coming to clinic have a wide variety of illnesses and conditions so there are many different doctors and nurses in the clinic.

**How do I find clinic 6?**
From the main reception go past the hair dressers and then turn left at the ‘cross roads’. Follow the corridor and signs for the ‘outpatients’. Clinic 6 is the last clinic in the outpatient area.

When you get in to the clinic, let the receptionist know that you have arrived.

**When does the clinic open?**
The clinic is open from 08:30 until 17:30.

**Who will I be seeing?**
You may be seeing a doctor and a nurse or just a nurse whilst you are in clinic. They will be able to tell you what is happening and what the plan is for coming back into hospital for an appointment. You will be weighed and your height will be recorded. You may also have other tests such as a urine test or blood test. The nurses will tell you if you need any of these and explain it all to you.

**What can I do if I am hungry?**
There is a coffee shop outside the clinic for you to get some food after your appointment if you want to. Unfortunately there are no catering facilities in the clinic. You are not allowed to take any hot drinks in to the clinic as there are little children around who may knock them over.
What can I do whilst I am waiting?
There is a waiting area that you can sit in whilst you are waiting to be called to see the doctor or nurse.

There is a games console for you to play on if you would like to. You can ask the play specialist for a game if you would like to play whilst you wait.

You can bring a hand held computer game or iPod to listen to some music with you but you have to look after it yourself. You may want to bring a book or magazine to look at while you wait.

Can I use my mobile phone?
You are able to use a mobile telephone for urgent calls only.

How do I get in touch with clinic 6?
The telephone number for the clinic is 01223 216410 or 01223 216321.

The address is:
Clinic 6
Box 45
Addenbrooke’s Hospital
Hills Road
Cambridge
CB2 0QQ

Where can I get more information from?
You can ask for a parent information leaflet on clinic 6 which will have more details about the visit and the type of tests that may be done.
We are now a smoke-free site: smoking will not be allowed anywhere on the hospital site.

For advice and support in quitting, contact your GP or the free NHS stop smoking helpline on 0800 169 0 169.
