Welcome to Ward D2

Ward D2 looks after children from 3-16 years of age and 0-3 years of age for lip and mouth operations.

Some of the children have a bad cough or cold. Some of the children come to D2 to have an operation or following an accident.

22 children can be looked after on D2.

Directions:
You can find D2 by coming in through the main entrance. Going past the hairdressers and across the corridor to the C and D lifts. Walk past the lifts and D2 is on the right.

When you get to the door, press the bell and the nurses will ask you who you are and then let you in.

Sleeping:
You will be shown to a cot or bed where you will be able to get comfy and put some of your things in the cupboard to keep them tidy. One of your parents is able to sleep on a bed next to where you are sleeping.

Visiting:
Your mummy and daddy will be able to visit you at any time during your stay. Any other visitors, like your grandparents, are allowed until 7:30pm when the lights get turned down for sleep.

If your mummy, daddy or other visitor is poorly they will be asked not to come and see you or to go home.
Who will be looking after me?
Every day you will be seen by a doctor or a nurse who will tell you what is going to happen.

You will be looked after by a nurse who will make sure that you have everything you need.
