The Paediatric Day Unit looks after children from 0-16 years of age.

Some of the children have cancer or a blood disorder.

There are six beds where children can be looked after on the paediatric day unit.

There is also an outpatient clinic run everyday so children can come in to see the doctor and nurses.

Directions:
You can find the paediatric day unit by coming through the main entrance and walking past the hairdressers and across the corridor to the C and D lifts. Walk past the lifts and turn left at the end. A corridor leads off on the right, walk down here to the end and turn left. Keep walking and you will see an exit to the garden. Walk into the garden and on the left you will see a pink pillar. The entrance to the paediatric day unit is just to the left of the pink pillar.

When you get to the door, press the bell and the nurses will ask you who you are and then let you in.
Your mummy and daddy will be able to visit you at any time during your stay.
