| 45.15  | 20.01.15      | Individual  | 1. How many chaplains does your Trust currently employ? 10  
2. How many members of staff are employed as part of the chaplaincy service, and what are their job roles?  
*We have 10 chaplains and 2 admin staff.*  
3. How many people have used the chaplaincy service over the last three years?  
2014 = 21,500 patient visits  
2013 = 22,000 patient visits  
2012 = 21,000 patient visits  
The above do not fully reflect the level and activity of work of the department.  
4. What is the annual cost of chaplaincy services (pay and non-pay), broken down by year for the last three financial years.  
2011/12 = £208,129  
2012/13 = £190,947  
2013/14 = £170,351  
*Support pay costs and non-pay costs are not analysed separately for Chaplaincy Services, I am unable to provide figures for these.*  
5. How much money is allocated to external bodies, such as the Roman Catholic Church, broken down by year over the last three financial years.  
*No monies are allocated to external bodies.* |
| 94.15  | 12.02.15      | Commercial  | I would like to receive an up to date project directory and a list of sub-contractors, suppliers and consultants of all of the companies involved in the **Strategic Partnering Services PPP**  
**Address:** The Forum, Cambridge Biomedical Campus, Cambridge, Cambridgeshire, CB1 3HT.  
*The Scheme comprises a Strategic Partnering Services PPP. It is anticipated that the successful bidder will be required to participate in the formation of a new joint venture company with the Trust. Although bids from consortia will be considered the Trust reserves the right to require the consortia members to form a single legal entity prior to entering into any contract/joint venture company. As part of the Trust’s 2020 Vision, the Cambridge Biomedical Campus (the Campus) will be a medical city of which a key component will be the presence of a healthcare-related education centre, private hospital and commercial hotel, to be called The Forum. The Trust wished to procure a commercial partner or partners (the Strategic Partner) who can work with the Trust to identify, agree and implement the best financial and operational model to provide the Trust with these healthcare-related educational, clinical and accommodation services, ensuring that all partners are able to benefit from the efforts, based upon the contribution made and the level of risk undertaken. It is envisaged that this will be a long term relationship that will initially deliver The Forum Project but may develop over time to deliver and finance other infrastructure.* |
and related services at the Campus. It is anticipated that The Forum will generate a revenue stream for the Trust over the long-term without the need for any capital expenditure by the Trust and with no consequential detriment to the Trust’s ability to provide NHS services. The Trust will contribute land, on a long lease basis, to the venture. The Trust is expecting that its Strategic Partner will provide or procure all the financial resources required to design, build and operate The Forum.
